

GILLETTE IS EXAMINED BY ALIENISTS

THREE EXPERTS WHO CONDUCTED A SECRET INVESTIGATION SAY HE IS SANE.

PRISONER HAS AN ADMIRER

Wisp of Grace Brown's Hair Compared by Jury With Lock Found in Moose Lake Boat.

Herkimer, N. Y., Nov. 24.—Chester E. Gillette has undergone a secret inquiry into his sanity by three alienists. He has been pronounced perfectly sane.

The fact that an investigation had been conducted did not leak out until today. To forestall an insanity plea as a defense to the charge of murdering his sweetheart, Grace Brown, the prosecution decided to have the prisoner examined.

Gillette's father is a Dowdelle and a religious fanatic. He sacrificed all his furniture to the Zion City prophet. The prisoner's grandfather, Albertus Gillette, is said to have been mentally weak. The three alienists were brought quietly to Herkimer and taken to the jail. Gillette consented to the examination. The "need" test was applied. It was found that Gillette was equally sensitive on both sides of his body.

The three alienists agreed that Gillette was mentally normal. Gillette believes the story he will tell the jury will save him from the electric chair. He rehearses his story daily in his cell.

Gillette has some unknown female admirer. Each day the prisoner receives sweetly scented notes signed "Marguerite."

Witnesses were called, when court opened today to testify as to the manner of carrying the body to the Big Moose station. The defense hopes to show that the abrasions on the girl's head were caused by being bounced over the road in a wagon without springs. John Denit, the driver of the wagon testified that the wagon had springs and the road was in good condition.

As telegraphed to the Advocate yesterday, the boat in which Grace Brown took her last ride, was a multi-witness in the trial. Robt. Morrison in charge of the boat house, testified that he found a lock of woman's hair in the boat. Then he stepped to the skiff and showed where it was. Mrs. Andrew Morrison took the stand and told in detail of the finding of the hair. Later the coroner testified and presented the lock of matted hair in evidence. A sister of the dead girl testified and produced a lock of hair taken from Grace's head and the jurors were permitted to examine and compare the two locks, which were identical in color and texture.

SMITH FINED.

Head of Mormon Church Pleads Guilty in Salt Lake Court.

Salt Lake City, Nov. 24.—Joseph F. Smith, president of the Mormon church, appeared in the district court before Judge Ritchie, pleaded guilty to a charge of unlawful cohabitation, and a fine of \$300 was imposed. The allegation under which the Mormon prophet was arrested and fined was based on the recent birth of President Smith's forty-third child, born to his fifth wife.

INDIANS

Would Roam the Forest as of Old. Crazy Snake's Appeal.

Tulsa, I. T., Nov. 24.—Chitto Harjo, better known as Crazy Snake, chief of the Crazy Snake faction of the Creek Indians, and who is said to voice the sentiments of one-third of the Creek nation, made a dramatic speech before the senate committee that is investigating Indian affairs. He pleaded for a return to the conditions existing under the treaty of 1832, when the Indians held land in common and roamed the forest and stream in nomadic fashion. "In 1492 when a man landed on American shores named Columbus whom did he find here?" cried Harjo. "Did he find the white man? No. No. He found the Indian. What did he say to the Indian?" He said: "The land is all yours. I will protect you." The general sense of the Indians, of whom about 30 testified, was for removal of the restrictions on all lands except that of the full-bloods and on homesteads.

IS IT A JOKE?

New York, Nov. 24.—M. Martin, the restaurateur, is taking lessons in fencing with a revolver, his friends today say, since he received a challenge from Count Boni de Castellane. Martin offered Boni a job as head waiter. This is his reply: "My friend—Count de Castellane will call upon me and demand reparation for your insult." Castellane, Martin says, he thinks it is a joke.

CORPORATION

To Control the Commercial Life of City of Chicago.

Chicago, Nov. 24.—Plans are being formulated by E. H. Harriman and eastern financiers for the formation of a gigantic corporation which is to control practically the commercial life of Chicago by means of a combination of the subway, transportation, freight, express, electric light and power and telephone companies. The first intimation that such a deal was under way came when the statement was made that the proposed merger of the Illinois Tunnel company and the Chicago Edison company was the first step in the formation of the great corporation.

A telephone message from Alexandria at 3:25 p. m. Saturday from

Dr. Laycock, says that a boy, apparently 6 or 7 years old, was found dead Saturday afternoon about one mile west of that place, having been shot through the head.

The boy is a son of Frank Nichols. It is said a small boy shot him.

EXPERIMENTS TO BE MADE ON STUMPS

Washington, Nov. 24.—Experiments will be made in printing across the face of postage stamps the name of the city in which they are sold. It is believed the scheme will give a more thorough check on sales and will prevent padding.

SIXTH DEATH BY ACCIDENT

HALF DOZEN MEMBERS OF ONE FAMILY MEET VIOLENT DEATHS.

Mrs. Margaret Shaw Has Telegram From Illinois Announcing Death of Her Brother.

Utica, O., Nov. 24.—Mrs. Margaret Shaw has received a telegram announcing the death of her brother, William Murray at Belle Plain, Ill., as a result of injuries from being thrown from a buggy. He was the last of Mrs. Shaw's brothers and sisters, and a remarkable fact is that six of the family met their death from accidents. William Murray was a brother of the late Charles Murray of Martinsburg, who lost his life in the Iroquois disaster at Chicago.

JUDGE GEORGE GRAY

Will Act as Umpire in Settling the Differences on Southern Railway at Once.

Washington, Nov. 24.—Gray, of Delaware, has been selected as umpire on the board of arbitration to settle the difference between the Southern Railway and its mechanics. The mechanics agree to accept the award of the board.

WOMEN OVERCOME BY GAS FUMES

Upper Sandusky, O., Nov. 24.—Mrs. Henry Harman, an elderly widow was found in a dying condition today and beside her in bed lay her daughter, Miss May Harman, 20, both having been overcome by gas fumes from a stove. No signs of life have been seen around the house since Wednesday night, when it is supposed they were overcome. Mrs. Harman died today.

An Indian chieftain as a railroad president is a rare thing, but that is what Pleasant Porter, chief of the Creeks, is. His railroad is the Indian Central. It filed its charter at Guthrie. It is capitalized at \$15,000,000 and contemplates the construction of 460 miles of railroad in Indian Territory and Oklahoma within the next two years. The road begins at Ponca City and runs southeast to Paris, Tex., with a branch running from the Red river northwest to Oklahoma City.

SUFFRAGETTES WIN FRIENDS BY COURAGE IN GOING TO JAIL FOR THEIR CAUSE.

MISS ADELA M. LANGMUIR

Liveliest interest is felt just now in London in the cause and startling actions of the suffragettes, or women's suffrage advocates, who have assumed a most aggressive attitude in England recently.

At the opening of Parliament not long ago they stormed the House of Commons and actually tried by violence to force their way into the sacred precincts of that ancient body.

It was their intention, if they had succeeded in effecting an entrance, to House as to the necessity of granting woman's suffrage. They were prevented from getting at the terrorized members, however, by the vigorous

action of the police, who finally arrested a large number of the women agitators, some of whom were afterwards sent to jail.

Despite the bitter hostility of many of these suffragettes, they have, nevertheless, a large following and even some vigorous supporters among the men. One of these is Mr. P. Lawrence, whose wife was one of those sent to jail for refusing to be bound over to keep the peace.

During the time that Mrs. Lawrence was in jail her husband paid \$50 a day to the fund of the suffragettes. Mrs. Lawrence was finally released, as she had been taken seriously ill. Nine other women also went to prison for their principles.

ROOT'S THEME AT CINCINNATI

Improvement of Our Trade Relations With South America.

LIMITLESS FIELD NOW OPEN

Believes Anti-Japanese Agitation Will Impair Seriously the Business of the Pacific Coast—Synopsis of the Secretary's Address Before Queen City Commercial Club.

Cincinnati, Nov. 24.—In an address at the twenty-sixth annual dinner of the Cincinnati Commercial club, Secretary of State Root advocated increased commerce with the countries of South America and moral support of the Panama canal construction work.

Besides Mr. Root the club had as guests Senator Ignatio Calderon, minister of Bolivia to the United States; Senator Enrique Cortes, minister from Colombia, and Senator Albert Voeham, charge d'affaires of the Chilean legation at Washington.

Secretary Root said that just now he was interested particularly in the special development of the nations to the south of us, which would do much for the commercial interests of the United States. There never was a time when producers were more ready to reach out after trade, and he believed much could be had from the Latin republics. We know the possibilities and difficulties of trade with Europe and with the Orient, but few people realize how serious is the present agitation against the Japanese on the Pacific coast. If it goes on, he feared that trade on the coast would be most seriously injured. Canada is following our course in building up infant industries, but to the south there is opening a field that is almost limitless. Our ignorance of that great continent is lamentable. He recounted the great wealth and prospects of South America, declaring that those republics had been passing through political stages which had now brought them to a proud position in stable government and free institutions. Our faces are now turned that way, not by act of congress, but by the natural course of events. The trend of the grain trade is more and more via the gulf ports.

Mr. Root reviewed his argument in favor of ship subsidies, and contended that with the canal as our frontier, our relations with the countries bordering on it will be closer. The Monroe doctrine means that no foreign power shall threaten our frontier. Like the European countries in their relations to the Straits of Gibraltar and the Dardanelles, we must watch the new great trade street where we are owners of front lots.

MRS. HARTJE FILES PETITION IN PITTSBURG ASKING FOR ALIMONY

Pittsburg, Nov. 24.—Mrs. Mary Scott Hartje, one of the principals in the divorce case, filed a petition in the courts asking for alimony pending litigation, for counsel fees and expenses incurred in the divorce suit. These expenses, she says, are in excess of \$50,000. She says that she has no estate of her own and that the libellant has not contributed to the support of herself and her children since July 23, 1905, the date of the separation. She says that she is informed that Augustus Hartje is worth at least \$1,500,000, and that he has an income of at least \$75,000 a year.

JOSE M. GOMEZ AN ACTIVE CANDIDATE

Havana, Nov. 24.—Jose Miguel Gomez, who arrived here from Sancti Spiritus, his home town, for the purpose of personally conducting the canvass of his nomination to the presidency of Cuba, said that he disapproved strongly of the propaganda in favor of an American protectorate over Cuba. He believes that such a submission by Cuba would be deplorable, and he has supreme confidence in the ability of the Cuban people to govern themselves. He proposes to direct all his efforts toward the accomplishment of this end.

BRYAN RESOLUTION ADOPTED BY CONGRESS

Kansas City, Nov. 24.—After electing H. D. Lovland of San Francisco president for the ensuing year, adopting the anti-trust and peace resolutions by William J. Bryan after they had been voted down by the committee on resolutions, and accepting a platform endorsing the proposition submitted by Secretary of State Root "for increasing our merchant marine and for increasing our intercourse with South America by adequate mail facilities," the Trans-Mississippi Commercial congress adjourned to meet in 1907 at Muskogee, I. T.

CRAPSEY TO RESIGN FROM MINISTRY

Rochester, N. Y., Nov. 24.—Rev. Algernon S. Crapsey has decided to resign from the ministry of the Protestant Episcopal church. Dr. Crapsey has been pastor of St. Andrew's Episcopal church in this city for 23 years, and is one of the oldest canonically resident Episcopal clergymen of the diocese of western New York. His voluntary resignation at this stage of the heresy proceedings obviates the necessity of Bishop Walker passing sentence of suspension on him.

Columbus' attempt to tax the farmers has failed. Judge Dillon today held that the vehicle tax ordinance is unconstitutional within the city limits, but the city has no power to collect it from the farmer.

PEARY WOULD TRY IT AGAIN

Not Discouraged by His Failure to Reach the North Pole.

NEW EXPEDITION TALKED OF

Gap of One Hundred Miles in the Survey of Grantland Closed Up by the Intrepid Explorer—Captain of the Roosevelt Has a Word For His Boat.

Sydney, B. C., Nov. 24.—Looking in the best of teeth Commander Peary, the Arctic explorer, who arrived here from the frozen north, left by rail for New York. Though disappointed at the failure to reach the pole, he feels satisfied with the advance actually made. Plans for a new expedition will soon be commenced.

The health of the members of the expedition was excellent, there having been no deaths and practically no sickness.

Commander Peary is enthusiastic about the performance of the Roosevelt. Asked if the very advanced point to which he had been able to place the Roosevelt in winter quarters was due to careful and increased knowledge of the movements of the ice, he said it was due to the Roosevelt itself. He did not believe any other ship could have stood the battle with ice which the Roosevelt has successfully fought. The boilers were the one defective feature of the ship. More than half the power of the ship was represented by water tube boilers, and these gave out shortly after the Roosevelt left Sydney in 1905. Commander Peary said he ought to get back to New York before discussing the prospects of a new expedition. There was a gap of 100 miles in the survey of Grantland by the English expedition on one hand and that of the Sverdrup discoveries on the other. Peary has closed this up. Probably the only section of unknown coast remaining in the Arctic is the northeast coast of Greenland, embracing 150 miles.

Captain John Bartlett, master of the Roosevelt, said the steamer was a good sea boat and that he will sail her to New York. He is ready to go again to the Arctic. Captain Bartlett was in charge of one of the parties supporting Commander Peary's advance. He said the storm which did the mischief was tremendous, and accompanied by blinding squalls of fine Arctic snow. The ice field was rent widely asunder and all trace of the track was destroyed. Under ordinary conditions tracking is easy in the far north, as the snow pecks hard and boot marks are sometimes preserved for six months. Captain Bartlett is satisfied the pole can be reached without great difficulty, and believes it would have been accomplished this trip except for the gale in question.

PRAIRIE FIRE Sweeps From Western Texas Into Eastern New Mexico.

Santa Fe, N. M., Nov. 24.—Reports have reached here that a prairie fire has swept from western Texas into eastern New Mexico and that over 1,000,000 acres of grazing and homestead land has been burned bare. No loss of life is reported in New Mexico, but it is believed that several persons perished in Texas. It is estimated that on both sides of the boundaries between 50,000 and 100,000 cattle have been left without grazing. Many ranchers are preparing to ship live stock at once, while the larger ranchers will drive their cattle to other ranges. The flames swept portions of Palmer, Smith and Odham counties in Texas and burned for 35 or 40 miles to the Pecos road in New Mexico.

NO ARREST YET MADE IN DAYTON GIRL'S MURDER

OFFICERS MAY ACT AFTER THE FUNERAL OF MISS GILMAN THIS AFTERNOON.

ANOTHER REWARD OFFERED

Man Who Killed Dona Gilman is White—Sensation May Develop Late This Afternoon.

Dayton, O., Nov. 24.—The county commissioners today passed a resolution offering a standing reward of \$3,000 for the arrest and conviction of the fiend who took the life of Dona Gilman. The reward will remain standing and will be paid any one causing the arrest and conviction of any person guilty of a similar offense in the future. The funeral of Miss Gilman took place this afternoon at Germantown. The inquest begins Monday.

Two men are being sought as the suspected murderers of Dona Gilman. The identity of one has been strongly indicated and it is said that he can be located when wanted.

The death cry of Dona Gilman was heard by Mrs. Mary Hoy. She heard the cry distinctly at her home, 60 feet from where the strangler seized his victim.

The man who killed Dona Gilman is white. This was proved when the finger nails of the girl were inspected. Under the nails were fragments of white cuticle, which fact is evidence that the girl inflicted deep scratches on the face or hands of her assailant.

A sensation will probably develop in the case some time today. From present indications, an arrest will be made after the funeral of the girl has taken place.

LODGE NEWS

The big jubilee meeting of the Knight of Pythias of Licking county, closed in a blaze of glory Friday night, when over four hundred Knights from all over the county, representing the nine lodges of the county, were in attendance to witness the work of the splendid team of Croton lodge in conferring the Knight rank. Croton lodge, although the youngest lodge in the county, came down to the meeting with 60 members; Johnstown was represented by 40 members; Pataskala, 36; Fallsburg, 30; Johnstown 46; Homer 20 while Hebron, Granville, Utica, Kirkersville, Jacksonstown and Gratot also sent large delegations.

The big attraction of the evening was the exemplification of the third rank by the team of Croton lodge, which has a well deserved reputation which reaches beyond the borders of Licking county. To those who had never witnessed the work of this team, it was a big surprise, and the applause accorded those composing it was not stinted, and they deserved all that was given them. The work was simply perfect, and it is doubtful if there is a more efficient work team in the district.

At the conclusion of the work a sumptuous banquet was served to nearly 400 Knights. The chairman of the committee on banquet, consisting of Messrs. Charles Dean from Newark lodge, and Lester Bradley from Roland lodge, together with an able corps of assistants, had spared nothing that adds to the success of this feature, and the result was that all who partook of the feast were loud in their praises of those who had its management in charge.

The Jubilee Meeting of the Knights of Pythias of Licking county just closed will go down in history as one of the memorable events in Pythianism.

Royal Neighbors of America.

One of the most interesting meetings in the history of Daisy Camp, Royal Neighbors was held Thursday at which time the initiatory degrees were conferred and witnessed by a visiting delegation from Columbus camps headed by District Deputy Supreme Oracle Minnie Schott of that city. The work was under the supervision of Oracle Lulu Morrison, ably assisted by other officers of the camp, and the ladies' team in their fine new robes.

Following the ceremonies a fine musical program was rendered by Neighbors Mamie Wilcox, Nora Rose and Miss Esther Graef. Short talks were made by District Deputy Minnie Schott and other members, from Columbus as well as members of Daisy Camp, which culminated in partial arrangements being made for a rally of all camps of the society within easy reach of Columbus to take place in that city in the near future at which time several of the Supreme officers from Illinois and Nebraska will be present. The meeting was concluded by refreshments being served. One pleasing incident was the reading of a notice from head office to the effect that Daisy Camp now occupies the proud distinction of being the largest camp of the society in Ohio. The Royal Neighbors of America are the ladies' auxiliary to the Modern Woodmen of America and as Cedar Camp of this city is the largest camp of that society in the state Daisy Camp has always had a earnest desire to attain the same position. The mantle could not have fallen on a camp more deserving.

Camels.

At the regular meeting next Tuesday night there will be nomination of officers for the ensuing year, also initiation work. The new rituals are here, and contain very beautiful work, that is equalled by few and surpassed by none. Let every member make a special effort to be present next Tuesday evening.

Modern Woodmen.

Cedar Camp No. 4727 M. W. of A. met in regular session on Wednesday night with all officers and 52 members present. One application for membership was received and acted upon and elected to membership. The escort repaired to the ante room and found therein Albert Keinath, who was adopted as a beneficial member of Cedar Camp.

On Sunday, November 18, 1906, "Old Ramrod," the faithful goat of Cedar Camp, died and the members of Cedar Camp miss him a great deal and in order to fill his place, Neighbors N. C. Sherburne, E. C. Richardson and Martin Schiffer were appointed a committee to procure another goat.

On Wednesday night an important resolution was adopted by Cedar Camp, prohibiting the loitering of members in the ante room while the camp is in session.

Neighbor E. A. Pfeiffer was reported sick. The members were treated to some fine singing by Rufus Rasmus Johnson Waters on last Wednesday night and among the numbers rendered was his famous Crying Baby song which pleased Neighbors B. F. McDonald and T. W. Tabler so much that Rasmus had to repeat it for them.

AMUSEMENTS

OUR NEW MINISTER.

No kind of play is more interesting to an American audience than an American play. A presentation of types more or less familiar to the playgoer whether the familiarity is one created by books, newspapers or first hand experience. One of them most successful of the newer American comedies is "Our New Minister," which comes here shortly. All the characters are easily recognizable realistic types. In the past it has proved one of the most enjoyable of all the big events offered here. It will be seen with a brand new scenic production and the original cast. THE SICK

Mrs. Abraham Flory, whose condition took a change for the worse about one week ago, is now said to be very slightly improved. Mrs. Flory's advanced age makes her recovery slow.

Mrs. W. V. Jordan, who has been very ill at her home on Locust street, is now reported to be much improved and is able to sit up. Saturday Mr. Jordan was also reported to be quite ill. However his condition is not said to be in any way serious.

WILL IS CONTESTED

May A. Keckley and Helen Battee, as guardian of the person of the late Charles Kibler, of Montgomery, Saturday afternoon, filed a suit to set aside the will of Francis M. Powers, farmer of Liberty township, whose will was probated last month on the ground that the will which was probated was not his last will, but that three years after he made the will which was probated and which was dated March 5, 1898, he executed another will, which had the effect in law, as is claimed, of revoking the will of 1898.

Court Notes.

The will of Rev. Charles Rhoads, deceased, of Granville, has been admitted to probate.

Constipation

Baked sweet apples, with some people, bring prompt relief for Constipation. With others coarse all-wheat bread will have the same effect. Nature undoubtedly has a vegetable remedy to relieve every ailment known to man, if physicians can but find Nature's way to health. And this is strikingly true with regard to Constipation.

The bark of a certain tree in California—Cascara Sagrada—offers a most excellent aid to this end. But, combined with Egyptian Senna, Slippery Elm Bark, Cold Extract of Prunes, etc., this same Cascara bark is given its greatest possible power to correct constipation. A toothsome Candy Tablet, called Lax-ets, is now made at the Dr. Shoop Laboratories, from this ingenious and most effective prescription. Its effect on Constipation, Biliousness, Sour Stomach, Bad Breath, Sallow Complexion, etc., is indeed prompt and satisfying.

No grating, no unpleasant after effects are experienced, and Lax-ets are put up in beautiful lithographed metal boxes at 5 cents and 25 cents per box.

For something new, nice, economical and effective, try a box of

FOB CONTEST.

The Fob contest and bowling league games at the Y. M. C. A. are largely increasing the interest in the line of sport, professional and business men as well as the younger element, is showing a keen pleasure in the game.

The highest average score for the season is at present held by the Rev. J. A. Bennett while the second highest individual score (201) is held by Hulshizer.

Considerable interest is being manifested in the proposed organization of the Professional and Business Men's Debating Club of which Charles Flory and Harry Scott are the heads. The idea is to meet every two weeks for supper after which will follow a debate and general discussion on current topics of national and general interest.

This club meeting will very likely follow the business men's gym class on Wednesday evenings. The members of a similar club organized here four years ago, and of which Charles Flory was the leader, are especially interested in the movement. All business and professional men are invited to be present at the organization on the night of Monday, December 3, at 7:30. Both the social and intellectual features of the club are expected to appeal to a large majority of the leading citizens.

Another new feature in the Y. M. C. A. work this year is the Sunday club which is proving decidedly successful. The club meets every Sunday at 1 p. m. for open discussion of the practical side of the life of Jesus. A large number of men have been attending the meetings of the club and the work is progressing successfully and pleasantly.

DEATHS AND FUNERALS

MARY E. MOATS.

Mary Eliza Moats was born the 14th day of September, 1878, and departed this life November 21, being 28 years, two months and seven days old. Miss Moats was a noble hearted young woman and has many friends in this community who mourn her death, but she has gone to her heavenly Father's house where there are many mansions prepared for all who possess that true nobility of soul—a celestial heritage. She leaves a mother, Mrs. Belle Moats, one brother, James Moats, and a sister, Nettie Jane.

MRS. COCHRAN'S FUNERAL.

The funeral of Mrs. Elizabeth Cochran of Union township, will take place Sunday at 10:30 a. m., the Rev. A. K. McCall of Licking Baptist church, near Hebron, officiating. Interment will take place at Cedar Hill cemetery.

CARD OF THANKS.

We wish to extend our thanks to our friends and neighbors for the kindness shown us during the illness and at the time of the death of our wife and mother, Mrs. Pauline Glassmeier. We wish to specially thank the L. O. T. M., the G. I. A. of the B. of L. E. for their floral offerings John Glassmeier and children.

No woman's happiness can be complete without children; it is her nature to love and want them as much as it is to love the beautiful and pure.

The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of **Mother's Friend** so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering.

Congressman Daizell of Pittsburgh, recently said at a mass meeting in Philadelphia: "When the time comes the tariff must be revised by the Republican party." When the time comes that there can be tariff revision the Republican party will not be in shape to engage in any work of revision. It will then be concerned with the work of reorganization. That time is coming, for even Republicans themselves who realize the justice of revision and demand that Congress proceed to the work declare that if their party will not act the Democratic party will.

The Sandusky Register, Republican organ in Erie county, with contempt for the party machine, ventures the opinion that the people will have something to say about who shall be the next governor of Ohio and they'll do it without the consent of the bosses, just as they did a year ago when the well laid plans of the Republican bosses failed at the polls.

The postoffice department is enlarging its rulings in the matter of publication of advertisements of schemes of chance of every description and reference to them in the news columns of the papers, offending papers being under penalty of exclusion from the mails. Advertisements of guessing contests and all schemes in which the element of chance enter are now ruled out, and the ruling is made more strict than ever. Under a strict interpretation no reference could be made to the prize awards at card parties in high society, and even the government weather reports ought to be ruled out as unmailable and excluded as offensive, being purely guesswork and standing only a chance of coming true.

WHAT IS URIC ACID?

Everyone can understand the condition, if allowed to run on, would finally so poison the body that death would result, yet few people realize that constipation is not of the bowels alone. The kidneys even more frequently become "constipated"—inactive, and the result is that a large amount of intensely poisonous waste matter accumulates within the system—even worse, it accumulates in the blood itself. This poisonous waste matter is called—uric acid.

Blood overloaded with this dead matter—uric acid—is the cause of all summer diseases. It is the cause of suffering from the heat, it causes sunstroke, by diseasing the system, it brings on Typhoid Fever. Uric acid is the poison in all impure blood, and so is the direct cause of all blood diseases, and all female weaknesses and women's diseases.

LIFE PLANT versus URIC ACID.
LIFE PLANT is a simple solvent of uric acid, yet it embodies the skill and wisdom of the world's greatest scientists in their study of diseases. **LIFE PLANT** acts through the blood—cleans it, drives out the impurity—uric acid—and renders the human system immune to heat and summer diseases.

LIFE PLANT is a necessity, during the summer months. It is the natural tonic, demanded by Nature during the heated period. To every home, every wise mother, to every sufferer from disease, **LIFE PLANT** is a constant necessity. Don't suffer from the heat nor from disease. Get a bottle of **LIFE PLANT** from your druggist, and write for free copy of valuable booklet pointing the way to good health. Write today to

WILLIAM LOAR IS HERE FROM HAVANA

Mr. William Loar, a well known former resident of Licking county, arrived in Newark this week from Havana, Cuba, and because of ill health is for the present at the Newark Sanitarium where he is meeting his old friends.

Mr. Loar is a son of the late Ben Loar, and a brother of Frank Loar of this city. He has been traveling for several years, over the United States and in foreign countries, engaged in his occupation of railroad excavating. Mr. Loar was in Newark last, about five years ago, and since going to Cuba, and in fact for the past three years, has been suffering from general ill health due to working in the damp excavations required by his occupation. He placed himself under the care of Cuban physicians, who practice the old method of bleeding patients (the word "bleeding" is used in the literal sense). This treatment was far from satisfactory and Mr. Loar decided to return to this country. He came to Newark direct from New York, where he remained for two days after landing.

The Russian thistle is a tumble weed, whose greatest danger lies in its habit of rolling for miles in a high wind and scattering its seeds in its path. The Canadian thistle is a much worse pest, for it is a perennial spreading by its root joints like Bermuda grass and about as hard to get rid of.

A BULLET HIT
CAPT. J. M. HAYES

WELL KNOWN NEWARK MAN IS SLIGHTLY HURT IN BOWLING ALLEY.

Former Ball Manager and B. & O. Officer Has No Idea Who Fired the Shot.

What appears to be an attempt to assassinate Captain S. K. Hayes, ex-business manager of the Newark ball team, and ex-chief of police of the B. & O. railroad company, was made Friday night about 7 o'clock, in the bowling alleys of his place on North Park Place. A shot fired through an alley window from a small caliber revolver, shattered the glass, struck Captain Hayes in the side and inflicted but a slight wound. So slight in fact that the victim continued to roll in the game of ten pins which he had started, and in fact gave but little thought to the matter.

To the Advocate Capt. Hayes stated that he was standing with several persons near the "runway" on the alleys when the shot was fired, the bullet struck a glancing blow and afterwards, dropped to the floor, the greater part of its force being spent in shattering the window.

Mr. Hayes paid but little attention to the matter. The wound was merely a scratch, and aside from the kidding to which he was subjected by the crowd in the alleys, he suffered no inconvenience. He attended the performance at the Auditorium and it was after he arrived there that he commenced to think about the matter. He then thought of "what might have happened if—" and decided to take the matter up with the police.

Mr. Hayes states that he hasn't the slightest idea who the would-be assassin was and that for that reason the police are handicapped in their efforts to find the person who fired the shot. No effort was made at the time of the shooting to reveal the identity of the man.

PITTSBURG MAN WAS TOO GAY

OFFICER SUTTON LANDED ONE ON HIS EYE AS THE MAN REACHED FOR GUN.

Fined \$11 in Police Court Saturday for Insulting Mrs. Flexon, of St. Clair Street.

C. E. Stauffer of Pittsburgh, one of the foremen of the Phoenix Construction company who are laying the water mains for the municipal plant, was too curious about the weight and age of Mrs. Flexon of St. Clair street and got himself seriously into the "rags" with the police.

He was fined \$5 and costs, amounting to \$11, in police court for insulting Mrs. Flexon and in addition to the fine will carry a black eye for several days as a memento of his encounter with a husky police officer in Newark.

According to the story of Mrs. Flexon, Stauffer came to her home on Tuesday to ask about renting a room. He made several improper remarks at that time. He asked Mrs. Flexon how much she weighed and how many summers she had seen, and then tried to "heft" her. He was chased out of the house, and Friday night he returned to complete his arrangements about the room.

He repeated his indignities, and Mrs. Flexon left the house and went next door to the home of Officer Sutton who spends his days piloting timid women and frightened children over the treacherous tracks at the Fifth street crossing of the B. & O. and the Pennsylvania railroads. Sutton was in his stocking feet but did not wait for shoes. He bolted out the door and after Mr. Stauffer.

When he accosted the gentleman, Stauffer made a move for his hip pocket, and the officer let drive with

MR. GOFF OPENED WRONG DOOR

FELL DOWN CELLAR STEPS AND IS NOW UNCONSCIOUS AT 138 UNION STREET.

Doctors Believe Mr. Goff's Skull is Fractured—Injured Man Former Hotel Proprietor.

Mr. Ferdinand Goff, who has a boarding house at 138 Union street, and who formerly managed the hotel at Idlewild park, is the victim of a serious accident.

Mr. Goff was awakened about 11 o'clock Thursday by a belated boarder who wanted admittance to the house. He went down stairs without a light to let the man into the house. Instead of opening the street door Mr. Goff made the mistake of opening the cellar door and pitched headlong down the steps, striking his head. The noise of his fall was heard by others in the house and they rushed to his assistance. He was found lying unconscious at the foot of the steps, was carried up stairs and placed in bed, and Drs. Shiner and Carl Evans were called. It is thought that his skull has been fractured.

Mrs. Goff was still unconscious Saturday.

A cab standing in front of the saloon of J. W. Allen attracted the attention of Officers Moore and Brooks. Friday night, and an investigation resulted in the arrest of Max Negele and Retta Merrill on a charge of cag riding and the arrest of Allen for interfering.

Negele drew a fine of \$5 and costs. The woman was fined \$2 and costs, and Allen drew \$5 and costs for slamming the door in the face of the policeman. John Boien was found guilty and was fined \$25 and costs and sentenced to 30 days for stealing Dr. Yowells coat.

Two train riders were fined \$5 this morning.

HUNTERS RESIST
GAME WARDEN

THREE PERSONS WOUNDED IN A SHOTS AT GIRARD.

Cleveland Husband Shoots Man—A Tragedy Follows Pool Game. General Ohio News.

Girard, O., Nov. 24. — A desperate battle was fought on the farm of Levi Rees, west of town, between six Italian hunters and Game Warden Evan Watkins, three deputies and D. W. Rees. In the exchange of shots Rees, Deputy Warden Coleman and one of the Italians were wounded. Three of the Italians were captured on the spot and the others were run down by bloodhounds and a posse in the charge of Sheriff Mosser.

The fight occurred after the refusal of the hunters to leave the ground when ordered to do so by the owner of the farm. When the warden and deputies appeared the hunters opened fire and the shots were returned. None of the wounded men are fatally injured.

Husband Uses Gun.
Cleveland, O., Nov. 24.—John Young fatally shot Herman Probst and tried to kill his wife. The tragedy took place in the apartments of Mrs. Young and in the presence of her two children. Young, who had been separated from his wife, fired two shots at her, but neither took effect. Young entered the room and found no one there but Mrs. Young and the two children. He forced a closet door open and found Probst crouching inside. The latter pleaded for mercy but Young fired on him, the bullet entering Probst's mouth and coming out in the back part of the head, inflicting a fatal wound. Two shots were fired at Mrs. Young as she ran from the house.

Jury on Dempsey's Charges.
Cincinnati, O., Nov. 24.—The grand jury formally reported that no attempt was made to bribe Mayor Dempsey, as charged during the recent political campaign. The mayor was reported to have said in a speech that before he was long in his chair he was approached four times with offers of compensation as attorney for some big corporations, such offers being to the amount of about \$50,000. The mayor was called before the grand jury, which investigated campaign rumors and election fraud charges.

Dastardly Deed.
Bellair, O., Nov. 24.—Smiley Nelson, a rich dairyman near here, his wife and two children and his father-in-law, John Robinson, are in a serious condition from drinking poisoned tea. It is believed an enemy of the family, bent on murder, stealthily entered the kitchen and poured a half-pint of carbolic acid in the tea kettle. The authorities are investigating.

Veeneman Case Called.
Hamilton, O., Nov. 24.—Mrs. Clara Schubert Veeneman, who is alleged to have shot to death her husband, Edward Veeneman, a saloonist, in a quarrel last summer, will be placed on trial Monday in Judge Belden's criminal court on a charge of murder in the second degree. Judge-elect Warren Gard will appear as counsel for Mrs. Veeneman.

Depot Robbed.
Washington C. H., O., Nov. 24.—While the operator was at lunch, thieves entered the Baltimore & Ohio depot, broke open the cash drawer and rifled it of its contents, \$29.40. The work is supposed to have been done by local talent. The place was robbed in a similar manner about two months ago.

Scholars Soaked.
Marion, O., Nov. 24.—Ford and Clarence Borden, brothers, living near Waterford, were fined for assaulting their teacher, Miss Grace Carpenter. The boys, because the teacher attempted to correct them, struck her, rendering her unconscious, and pulled her hair out by the handful, it is charged.

Boys in the Toils.
Staubenville, O., Nov. 24.—Four boys, dime novel readers, ranging in age from 14 to 17, burglarized the store of A. C. McLane, taking four guns and ammunition. The police arrested Roy Herbage, Ray Lincham, Alex Donvan and Louis Irvine.

Safe With All Hands.
Huron, O., Nov. 24.—The barge Athens, which was supposed to have gone down in Lake Erie in the storm Wednesday night with all on board, is safe and the captain and crew are well. The barge has been found near North-east shoal.

Fatal Saloon Row.
Cincinnati, O., Nov. 24.—In a fight over a pool game in the saloon of H. Braasch here, James McLean, a contractor, was shot and instantly killed by George Scherd. Scherd escaped and has as yet not been apprehended.

Fatally Crushed.
Bridgeport, O., Nov. 24.—George Schneider of Martin's Ferry had both legs and arms broken in many places by an immense weight falling from a crane. He will die.

Indigestion Can be Cured.

By simply removing the cause, and that is why we are so successful in curing thousands of patients who suffer from indigestion and all attending ills. You cannot have catarrh, rheumatism, neuralgia, disease of the kidneys, headache and scores of other diseases unless you have poison uric acid in the blood, and uric acid poison is formed by the food lying in the stomach too long and allowed to ferment (sour). This causes bloating, which crowds the internal organs and they cannot do their work properly. When your food sours or ferments your blood is then made up of these sour juices, and you have uric acid in the blood, you are then liable to have any disease as they all originate from the same poison in the blood. In order to have good blood you must have good nutritious food and that must be properly digested.

DR. JACKSON'S DIGESTIVE AND LIVER POWDERS are guaranteed to digest a hearty meal under the most trying circumstances for they contain every ingredient needed in proper proportion found in the healthy digestive organs. Dr. Jackson's Digestive and Liver Powders throw off the gas, neutralize the acids, digest the food and stops fermentation, makes good fresh blood from good fresh food and nature does the rest. We simply assist nature in doing her work.

Give our remedies a trial and be convinced, relief from the first dose.

On sale by all druggists, or sent direct. Price, 30c and \$1.00. Dr. Jackson's picture on every package.

If you want medical advice free, write to A. L. Jackson, A. M., M. D., president of The Jackson Medicine Company, Zanesville, Ohio.

THE OLDEST MAN IN AMERICA

Escaped the Terrors of Many Winters By Using Pe-ru-na.

"I Attribute my Extreme Old Age to the Use of Pe-ru-na."

In speaking of his good health and extreme old age, Mr. Brock says: "After a man has lived in the world as long as I have, he ought to have found out a great many things by experience. I think I have done so."

"One of the things I have found out to my entire satisfaction is the proper thing for the climate. For I have withstood the climate of the United States."

"I have always been a healthy man, but, of course, I have had sudden changes in the climate. During my long life I have had a great many remedies for colds and diarrhoea."

"As for Dr. H. C. Pe-ru-na, I have found it to be the best, if not the only, reliable remedy for these affections. It has been my standby for many years, and I attribute my good health and extreme old age to this remedy."

"It exactly meets all my requirements. It protects me from the evil effects of sudden changes; it keeps me in good appetite; it gives me strength; it keeps my blood in good circulation. I have come to rely upon it almost entirely for the many little things for which I need medicine."

"When epidemics of la grippe first began to make their appearance in this country I was a sufferer from this disease."

"I had several long sieges with the grip. At first I did not know that Pe-ru-na was a remedy for this disease. When I heard that la grippe was epidemic catarrh, I tried Pe-ru-na for la grippe and found it to be just the thing."

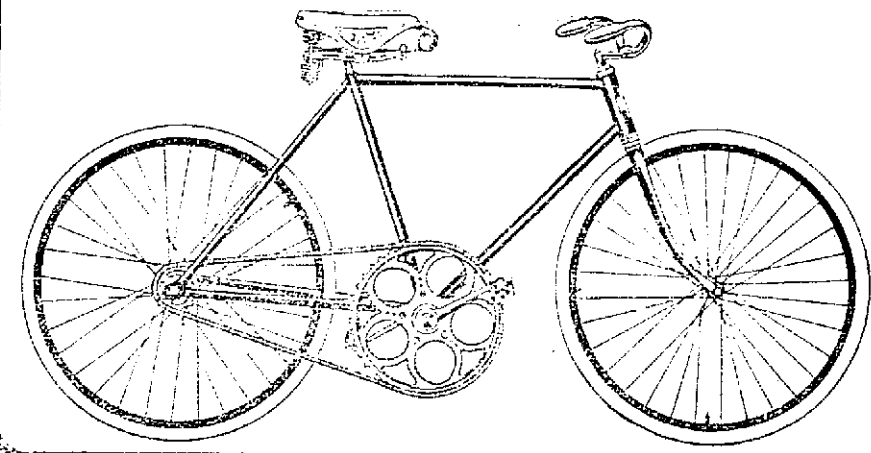

In a later letter, Mr. Brock writes: "I am well and feeling as well as I have for years. The only thing that bothers me is my sight. If I could see better I could walk all over the farm, and it would do me good. I would not be without Pe-ru-na."

Yours truly,

Isaac Brock.

When old age comes, it brings with it catarrhal diseases. Systemic catarrh is almost universal in old people. This explains why Pe-ru-na has become so indispensable to many old people.

WILLARD WARNER DIES IN SOUTH

EX-SENATOR AND WAR VETERAN DIES SUDDENLY AT HOME IN CHATTANOOGA.

Remains Will Be Brought to Newark—Services in Trinity Church Tuesday Afternoon.

Mr. WILLARD WARNER received a telegram from Chattanooga, Tenn., notifying him of the death of his uncle, General Willard Warner, a former prominent resident of Newark, which occurred in his office in Chattanooga about 1 o'clock Tuesday afternoon. No particulars of his death have been received here, but it is thought that death was caused by apoplexy. General Warner was 80 years old, and he is survived by one son and one daughter, Willard Warner Jr., of Rockwood, Tenn., and Mrs. J. M. King of Watkins, N. Y. He is also survived by one sister, Mrs. William B. Woods of Washington, D. C., Misses Mary and Jessie Robbins, Mrs. S. M. Hunter and Mrs. Undergill of this city are nieces, and Messrs. Willis Robbins and George Warner of this city, and Willard and Frank Warner of Washington, D. C., are nephews of the deceased.

General Willard Warner was born in Greenville, O., September 4, 1826. His early days were passed on a farm. In 1845 he graduated from Marietta college, and received the LL. degree from the college later on. When sold was discovered in California, in 1849, the "call of the gold" was heard by young Warner. He went to California. Like thousands of other ambitious men, and dug for gold with pick and shovel for two years. Then he returned to Ohio, where he built machine works in this city for the manufacture of portable boilers and engines, managing the enterprise himself.

At the outbreak of the Civil war he entered the army, to which his principles led him, and served throughout the war, from 1861 to 1865. During this time he was major and lieutenant colonel of the Seventy-sixth Ohio Volunteer Infantry; inspector general on the staff of General W. T. Sherman, colonel of the One Hundred and Eighty-third Ohio Volunteer Infantry. As a due tribute to his bravery and devotion to duty, he was brevetted brigadier general and major general.

After the war, in 1866 and 1867, he was a member of the Ohio Senate. Toward the latter part of 1867 he left Ohio for Alabama, where he located on a plantation near Montgomery, and engaged in the planting and raising of cotton. In 1868 he was elected to the legislature and in the same year was honored by election to the United States Senate. In 1873 he was appointed collector of the port of Mobile by President Grant and he served in that capacity in 1871 and 1872. During the latter year he was appointed governor of New Mexico, but declined the honor. In 1873-4 he built a blast furnace at Tennesse, Ala., which he operated 15 years as president and manager. He also built a blast furnace at Nashville, Tenn. He had been a resident of Chattanooga since 1890.

In recognition of his services to the Union army during the war he was elected commander of the Legion for one term, in May, 1905.

Success in war, politics and business would seem to be enough for any one. Yet General Willard Warner has been successful in still another line. He succeeded by force of strict integrity and a lovable disposition in winning and holding the esteem and affection not only of his family, but of all those who have the privilege of knowing him. His life has been such an one as any man might well desire to call his own.

The remains will be brought to Newark and the funeral will be on Tuesday afternoon at the Episcopal church.

Y. M. C. A. NOTES

The board of trustees of the Y. M. C. A., composed of sixteen of the leading business men of the city have spent much time and thought in their effort to make the local association one thoroughly equipped for its greatest usefulness. Among other important improvements that are being installed this year, possibly the greatest innovation, and one which will be the most welcome to the Y. M. C. A. members, is the installation of two pool and billiard tables which are due to arrive in about a week.

This new move was taken only after a long investigation of the experience of pool and billiards in other associations.

Knowing the interest of the community in the organization and this new movement, the general secretary speaking in behalf of the board of trustees, gave the following facts which were discovered in the recent investigations:

Practically all of the up-to-date associations have put in, or are planning to put in, pool and billiard tables. Among these are the following associations: Cleveland, Columbus, Dayton, Toledo, Youngstown and Akron.

The games played on these tables are everywhere recognized as clean, manly, and scientific sports. Like bowling alleys, the use is no longer confined to saloons and evil resorts.

It was found that 90 per cent of the young men play pool or billiards in the regular billiard halls.

The associations have generally come to recognize the fact that their owe it to the young men to provide this splendid sport in the association rooms where men can play the game and be free from the evils of gambling, drinking and sweating that often surround the public tables.

Wherever they have been put in the Y. M. C. A. they have proven entirely satisfactory. Many saloons and public pool rooms have been closed after the installation of the tables in the rooms of the associations.

At Washington, D. C., some of the directors opposed it, but when it was found, on investigation, that 95 per cent of the city's pastors favored the movement, the trustees voted unanimously for the installation of tables.

Some men who formerly opposed the action, when they found that their own sons had been playing in the public pool rooms, also favored it. Many business and young men who objected to being seen in the public pool rooms, made frequent use of the association tables because they were fond of the game.

The local board of trustees has made one stipulation in the matter, however, the advantage of which is readily seen. None but senior members, 16 years of age, or over, will be permitted to make use of the tables.

Kidney Troubles May be Sapping Your Life Away—Newark People Have Learned This Fact.

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, look to the kidneys for the cause and it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills cure sick kidneys and keep them well. Here is a Newark testimony to prove it.

"I am a driver, express, living on Washington street, near Mill street, East Newark, O., says: 'Many a time my back pained me so and was so weak that I could not load my wagon. If I stooped to pick up anything it was all I could do to get up. At night I could not sleep I would wake up again with terrible pain through the back and shoulders as if I were in a cramp. I tried liniments and various remedies but found nothing that helped me until I got Doan's Kidney Pills at Crayton's drug store. Three boxes were all that were required to cure me and the cure has been permanent. That was two years ago and I have had no trouble of the kind since.'

CLOSE BIDDING FOR ST. PAVING

BIG CONTRACT WILL REQUIRE MILLION BRICKS FOR WEST MAIN STREET.

Several Bids Opened Saturday—Exact Figures Not Announced by Board as Yet.

At noon Saturday bids for paving West Main street were opened. The following contractors presented bids: Brennan & Nutter, Newark; John White, Newark; William Sylvester Pace, Newcomerstown; John Wagenaar, Newark; William C. Lichtenberg, Columbus, and Cramer & Richardson, Newark.

Immediately after the bids were opened the Board adjourned until Monday at 1:30 o'clock, when the bids will be tabulated and the contract let. No figures were given out Saturday.

If the contract is let as a whole it is said that Mr. Pace's bid is the lowest, but if let in part three contractors may be in it. The figures in Brennan & Nutter's and Pace's bids are very close. It is said that Cramer & Richardson apparently have the lowest bid on the curbing. The Board members say that it will take some time to tabulate the figures and announce the result of the bidding.

By far the largest paving contract let in the city for the past ten years, in the West Main street contract, bids for which were opened by the clerk of the Board of Service in the council chamber Saturday night. Contractors and brick men from various parts of the state are in the city looking after their interests and its is expected that the active competition will benefit the city greatly as the contractors will be expected to figure closely on the job.

It is thought that the contract price will be between \$25,000 and \$30,000. According to the figures of the city engineer, there are 24,000 square yards of street surface to be paved, and 10,800 lineal feet of curbing to be put in. This makes the total distance to be paved a little more than one mile, or half of the number of lineal feet of curbing.

It is thought that the bidding price will be anywhere from \$1 to \$1.25 per square yard. The scene in the city building, especially in the city engineer's office, was a busy one Saturday morning.

Among those who are in the city looking after the contract are: Orville M. Townsend of Zanesville, Mr. Hatcher of the Harris Brick Co., Zanesville, John C. Bolen of the South Zanesville Sewer Pipe and Brick Co., Thomas A. Giberson of the Cleveland Stone Co., William Sylvester Pace of Newcomerstown, O., a contractor; John S. White, contractor, Newark; John C. Brennan, contractor, Newark; William H. Lichtenberg & Co., Columbus, represented by Mr. Wm. C. Lichtenberg, Evans & Harper, of Zanesville, represented by Messrs. A. W. Evans and W. F. Harper and others.

The contract will require from 250 to 300 car loads or about a million bricks.

Street Hats, School Hats, Caps and Tams will be closed out for 25 and 50c, each at Clouse & Schaneweler's Millinery Store, 42 Third St. d2-sw1

By far the largest paving contract let in the city for the past ten years, in the West Main street contract, bids for which were opened by the clerk of the Board of Service in the council chamber Saturday night. Contractors and brick men from various parts of the state are in the city looking after their interests and its is expected that the active competition will benefit the city greatly as the contractors will be expected to figure closely on the job.

It is thought that the contract price will be between \$25,000 and \$30,000. According to the figures of the city engineer, there are 24,000 square yards of street surface to be paved, and 10,800 lineal feet of curbing to be put in. This makes the total distance to be paved a little more than one mile, or half of the number of lineal feet of curbing.

It is thought that the bidding price will be anywhere from \$1 to \$1.25 per square yard. The scene in the city building, especially in the city engineer's office, was a busy one Saturday morning.

Among those who are in the city looking after the contract are: Orville M. Townsend of Zanesville, Mr. Hatcher of the Harris Brick Co., Zanesville, John C. Bolen of the South Zanesville Sewer Pipe and Brick Co., Thomas A. Giberson of the Cleveland Stone Co., William Sylvester Pace of Newcomerstown, O., a contractor; John S. White, contractor, Newark; John C. Brennan, contractor, Newark; William H. Lichtenberg & Co., Columbus, represented by Mr. Wm. C. Lichtenberg, Evans & Harper, of Zanesville, represented by Messrs. A. W. Evans and W. F. Harper and others.

The contract will require from 250 to 300 car loads or about a million bricks.

Newbro's Herpicide

BE ATTRACTIVE

Pretty hair is a necessary aid to attractiveness, and every woman can have pretty hair if she will make an intelligent endeavor in that direction.

Neglect of the hair is the greatest enemy of hair beauty, and those who continue to practice neglect seldom fail to lose attractiveness.

Just as soon as the natural glossiness of the hair begins to fade, it shows that there is trouble in the scalp and that dullness, brittleness and lustlessness of the hair will come and be followed by dandruff, itching scalp and falling hair.

An invisible vegetable growth (the dandruff germ) in the scalp causes dandruff, and the disease is both

contagious and progressive. It requires prompt and continued attention to overcome it and keep it out of the scalp. Newbro's Herpicide will accomplish all this when it is used intelligently. Herpicide will not perform miracles, it will not force you to abandon whatever unsatisfactory habits are responsible for your scalp trouble, but by its effectiveness, it will aid you to have the beautiful hair that Herpicide users are noted for. It stops itching of the scalp almost instantly.

MORE MEN AND WOMEN HAVE GOTTEN POSITIVE RESULTS FROM THE USE OF NEWBRO'S HERPICIDE THAN FROM ALL OTHER HAIR REMEDIES COMBINED.

VICTIMS OF BULLDOG BITES
HURRY TO CHICAGO HOSPITAL

Harry Miller and J. W. Williams Both Licking County Men
Taking Pasteur Treatment Upon Advice of State Board
---Bitten by Mad Dog That Died of Rabies.

Mr. Harry Miller, a well known dog fancier of Croton, reached Chicago Friday to take the Pasteur treatment and his employee, J. S. Williams, has just started for Chicago to receive similar treatment.

These men were bitten by a dog that died of rabies in Columbus last Tuesday and upon the advice of the state board of health, the two men went to Chicago for treatment, though as yet neither has suffered any inconvenience from their injuries. Mr. Miller was bitten upon the wrist and Mr. Williams was severely bitten in four places by the dog.

Mr. Miller who is a wealthy farmer about 50 years old and who is agent

for the Ohio Fuel and Supply company at Croton and Johnstown, has for some time been breeding fine bulldogs. Several weeks ago two of his dogs got into a fight and one of them was killed. Early this week, the other dog showed suspicious symptoms and it was sent to Columbus for examination by expert. It was this dog that bit Mr. Miller. On Tuesday the dog died and the state board advised Mr. Miller to go at once to Chicago for treatment. A telegram just received from Mr. Miller states that he has received two treatments and is feeling as well as ever. Mr. Williams arrived Saturday to receive treatment at the Pasteur Institute.

JUDGE CAMPBELL
STARTS REFORM

WILL NOT ALLOW MORIBUND
CURIOUS PERSONS TO BE
IN COURT.

During Time of Sensational Cases—
Tried Experiment at Ashland
With Good Result.

Judge Robert M. Campbell of Ashland, who occupied the bench here at the trial of James F. Lingafelter and who tried Mrs. Lingafelter at Coshocton, has inaugurated a reform in the trial of sensational cases.

The first test of the reform was made at Ashland in the trial of Wilbur DeWitt, charged with criminal assault, when the doors of the courtroom were closed and admittance positively refused to any one.

In regard to the reform the judge says that the trial of such cases will no longer furnish vaudeville entertainment for the morbidly curious while he is on the bench. He says that it is hard enough to drag a woman into the case under the most favorable circumstances, but when she is obliged to testify before a crowded courtroom, nine out of ten present being men, her position becomes almost unbearable. There is another consideration, also. Had the doors been open the trial could not have been conducted so rapidly and instead of lasting one day would probably have dragged through two or three. The jury found DeWitt guilty.

Judge Campbell has been very busy in Morrow and Ashland counties and has been unable to fix a time to hear the motion for a new trial in Mrs. Lingafelter's case. If the attorneys agree the motion will probably be heard in Newark, otherwise it will be heard in Coshocton, where Mrs. Lingafelter was tried and convicted.

with great success. While Miss Georgia's many friends rejoice with her in her good fortune, at the same time they regret very much her departure from this city, where for many years she has been one of Newark's favorite daughters. No doubt a number of pious efforts will be given for Miss Hendricks by her friends, whom she numbers by the score.

A very pleasant surprise was perpetrated upon Miss Irma Sargent of Granville this afternoon. Some fifteen, or sixteen of her young lady friends in Newark had taken possession of her home while she was at the ball game and on her return she was forcibly reminded that it was her sixteenth birthday. The girls brought well-filled baskets and a tempting spread as well as a merry time was enjoyed by the guests. They remained for the evening and will return at a late hour. Miss Irma received many tokens of remembrance and kind wishes for many happy returns of her birthday.

FESTIVAL CHORUS
CONCERT DEC. 13

SOLOISTS WILL BE WM. HARPER
OF NEW YORK AND MISS
MABEL PHILLIPS.

Chorus of 75 Voices Under Direction
of Prof. Nold—Concert to be in
Taylor Hall.

The Newark Festival Chorus of 75 voices, is to open the season of 1906-07 with a concert at Taylor Hall on the evening of December 13. The soloists are to be William Harper of New York, one of the foremost American concert basses, and Miss Mabel Phillips of this city, whose power as a soprano is well known.

The chorus will be under the efficient direction of V. P. Nold, choir master of Trinity church.

An admission price of but 35 cents has been arranged with the hope that every local musician and music lover will make an effort to hear this program. The tickets are to be obtained at the A. L. Rawlings music store, or from the members of the chorus, and can be reserved at the Y. M. C. A. on and after December 8.

The following press notices on Mr. Harper's appearances may be of interest to those who were fortunate enough to hear him here last season. New York Press: Mr. Harper was even cheered loudly and was only restrained from giving an encore by the conductor announcing that such a proceeding would be an infringement of the rules of his concerts.

Musical Courier: Musically the best members of the evening were the parts sung by William Harper, an admirable basso. The audience recalled Mr. Harper five times.

"The Flying Wedge"—Ask the Senators.

Why doesn't the United States get more South American trade? The head of the leading department store in Rio Janeiro says that it was only after several years of effort that his store succeeded in getting an American shoe manufacturer to make shoes in the way the Brazilians wanted them. Now the store is selling hundreds of thousands of pairs of these shoes. It formerly sold only English shoes.

Put on Your
Thinking Cap

The power to think rests largely upon the things you eat. There is no doubt about this. Start the day on the right food and you will think right—you will think easier, more clearly—all day long. Toasted Corn Flakes are the best food for thinking people, because the weakest stomach digests them easily. Besides they possess more of the elements that build brain, bone and muscle than any other cereal. And they are the most delicious of all ready-to-serve cereals, possessing a flavor never before put into a breakfast food. You'll agree if you try them and they'll agree with you.—10c all grocers.
